

Christina Lefkarou, Financial Management Executive of Green Fund Projects

She is involved in Project Financial Management at the Green Fund. She holds a Master's in Finance from NOVA SBE in Portugal, specializing in Energy Economy, and has experience in banking, energy, public sector organizations, and startups. Her previous roles include working at the Black Sea Trade and Development Bank (BSTDB), serving as an external financial advisor at AEGIS Energy, and co-founding an e-commerce startup. With expertise in financing, data analysis, and investment program management, she brings a strategic approach to financial planning and project execution. Business fluent in Greek and English, intermediate in Spanish.
