

Eleni K. Stergiopoulou, is an executive in the energy sector with more than 20 years of experience, currently working as Head of the Wholesale Energy Market in Non-Interconnected Islands (NIIs) Department, at the Regulatory Authority for Energy, Waste & Water (RAEWW). She has been working for the energy Regulator since 2002 serving as Head of monitoring the Retail Energy Market Department, as a senior Scientist for the Consumer Protection Unit, dedicated to protecting energy consumers and supporting energy market integration, for the office of the Regulator Board and for the RES Licensing Department. Over the last 2 years, continuing her contribution to the Non-Interconnected Islands issues, she has joined the EU initiative for Clean Islands and the regulator team for supporting the GREco Islands Initiative.

Prior to joining the Greek Energy Regulator, she has been working for more than 10 years, as a senior executive for major private international enterprises, in the Business Sectors of Subscription TV Platforms (“NOVA”), Telecommunications (“WIND HELLAS”) and Retail Market Research (“NIELSEN SA”).

She holds an MSc. Degree in “Mathematics & Applied Statistics” from the York University of Toronto, Canada and is a graduate from the University of Athens with a degree in Mathematics. She has received special training Certificates in “Monitoring Activities of Regulatory Commissions” (ERRA), “Regulation of Energy Utilities” (Florence School of Regulation, FSR) and yearly joins conferences and workshops.

She has been awarded for two distinction for Project Management and for Team Working achievement.
