

## **Petros Tsikouras**

Date of Birth: February 4, 1971

University Studies: School of Law and Economic Sciences, Department of Economics, Aristotle University of Thessaloniki (AUTH)

Petros Tsikouras has over 25 years of experience in management, production, and quality control within the Greek industry. Since 2006, he has been professionally active in the photovoltaic sector.

He holds a patent for a Mobile Base System for Photovoltaic Panels (Tracker) in Greece and abroad.

He has served as a representative of an industrial unit in SEV (Hellenic Federation of Enterprises), SBBE (Federation of Industries of Northern Greece), and SEVE (Greek Exporters Association). At SEVE, he was a Board Member and Financial Supervisor for two terms. Currently, he is a Board Member of the Thessaloniki Chamber of Small and Medium-Sized Industries.

He is a founding member of the Local Association of Photovoltaic Producers of Thessaloniki and the Panhellenic Federation POSPIEF, where he has continuously held positions of responsibility since 2013, initially as General Secretary and currently as Organizational Secretary.

He is also an active contributor to print and online publications and a member of the Scouts of Greece.
